

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Saturday 04 Nov 2017

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Rain across England first thing will clear eastwards through the day. Sunny spells will soon follow but there will also be some heavy showers, especially across the north and west. Tonight, showers will continue in the north and west where it will be windy too. Elsewhere it will become dry with clear periods, and with a frost expected by morning.

Outlook for Sunday and Monday:  
It will be chilly on Sunday with some sunshine. There will be some showers in the north and west where it'll be windy too. Monday starts frosty, but cloud and strong winds will develop, with rain into the west later.
