

FPUK85 EGRR 020400
Forecast for the UK.
Issued by the Met Office
at 0400 on Monday 2 August 2004

** Valid for Broadcasts Between 0600 and 1200 **

Headline:

Thundery showers moving slowly east. Mostly dry, very warm elsewhere.

Today:

Showers and scattered thunderstorms reaching many western regions, edging only slowly east, while most eastern areas stay dry with cloud lifting to leave a very warm day with plenty of sunshine.

Tonight:

Coastal fog towards the southwest. Otherwise very humid with some showers and storms reaching other regions and patchy mist in places.

Outlook for Tuesday:

Showers in most areas with thunder in places.
