

FPUK85 EGRR 291000
Forecast for the UK.
Issued by the Met Office
at 1000 on Sunday 29 August 2004

** Valid for Broadcasts Between 1200 and 1800 **

Headline:

Showery rain in the south, some heavy showers further north.

Today:

Southern areas will have showery rain before turning mostly dry from the west later. In the north, some sunshine is likely, along with showers, lengthy and heavy in places, especially towards the northwest.

Tonight:

Most southern parts should become dry, while blustery showers are expected in northern areas, especially near coasts and hills.

Outlook for Monday:

Some showers, especially towards the north and east.
