

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Sunday 10 Dec 2017

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be windy in the southeast on Monday with outbreaks of rain, sleet and some hill snow. Elsewhere after a very cold and frosty start, it will be a bright day with some sunshine, and with some wintry showers in the north and west. Staying cold with temperatures in some places struggling to get above freezing.

Outlook for Tuesday and Wednesday:

Another very cold start on Tuesday then mostly dry and bright with sunny spells and some coastal showers. On Wednesday bands of rain and showers will spread eastwards, with hill snow in the north and it will become windy, especially in the west.
