

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1945 on Friday 02 Dec 2016

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
It'll be dry with variable amounts of cloud and bright or sunny spells for many during Saturday, with generally light winds. However, there will be some patchy rain in the southwest. It will feel cold, particularly in the south, where it will be a windy day. A widespread frost returning overnight.

Outlook for Sunday and Monday:
After a cold and frosty start, Sunday will be fine and dry, with plenty of sunshine. It will be another windy day in the south, making it will feel rather cold. Similar conditions on Monday. However, we'll begin to see some showery rain spreading into the far south-west later.
