

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Sunday 03 Sep 2017

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
It will be cloudy, cool and windy in the west and southwest today with hill fog and rain at times. Elsewhere there will be some sunshine, although cloud will increase with patchy rain edging in from the west. Overnight it will be mainly cloudy, mild and humid. There will be patchy rain and some hill fog, especially in the west.

Outlook for Monday and Tuesday:

Monday will begin grey, damp and misty. Southern and eastern areas may see some warm sunshine developing. Meanwhile, heavier rain will arrive in the northwest. Rain will move east across all parts on Tuesday, with brighter, fresher, showery weather following.
