Here is the forecast for the United Kingdom until dawn tomorrow:
Very windy with severe gales in Scotland for a time this morning. Also rain here, turning to snow in northern Scotland later. Elsewhere across the UK, windy with frequent but mainly light showers, and some sunny spells at times. Overnight, continuing windy with snow showers in Scotland, but winds ease with clear spells further south.

Outlook for Friday and Saturday:
Winds easing in the north on Friday. Sunshine and showers in Scotland daytime, but cloudy elsewhere with rain in the northwest, turning to snow as it reaches Scotland in the evening. Saturday sees the snow continue in Scotland, with cloudy and sometimes damp weather elsewhere.
