Air Quality Forecast for the UK

Issued by the Met Office

Today: Widespread Low levels of air pollution are forecast across the UK on Monday. However, some very localised areas of Moderate pollution are possible, mainly in urban areas.

Tomorrow: On Tuesday Low levels of air pollution are expected to persist for much of UK. Some areas of Moderate pollution are likely across parts of Northwest England, the Midlands and Eastern England.

Outlook: Through the outlook period air pollution is forecast to remain widely at Low levels, though may become locally Moderate at times during any sunnier and warmer weather with light winds.
