

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Sunday 06 Aug 2017

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Dry with sunny spells across England and Wales today, although there will be a few showers in places. Rain across Northern Ireland will move into northern and western parts through the day, with brighter skies developing for Northern Ireland. Rain will spread southeast overnight, although the far southeast staying dry. Clear spells and showers for Scotland and Northern Ireland.

Outlook for Monday and Tuesday:

Cloudy with outbreaks of rain in the south on Monday, with sunshine and showers elsewhere. The far southeast staying dry with some sunshine. Tuesday will see showers or longer spells of rain across the UK, with some brighter spells. Feeling cool.
