Here is the forecast for the United Kingdom for daytime tomorrow:  
Staying cool in the east tomorrow with rain gradually turning lighter as it spreads northwards through the day, arriving in eastern Scotland later. Elsewhere across the UK there will be a mixture of sunny spells and scattered showers. Some of these showers will turn heavy and thundery, mainly in the west, but if any sunshine it will feel warm.

Outlook for Saturday and Sunday:

As for this weekend there will be cloud and rain across Scotland on Saturday meanwhile the rest of the UK will see sunny spells and scattered showers. By Sunday it will turn warmer and drier for all with some sunny spells.
