

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Friday 24 Oct 2014

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Frequent showers and strong winds will continue across western Scotland with severe gales affecting coastal areas. It will be less windy elsewhere, with variable cloud and sunny spells. However, there will be some showers too, these mainly in the west.

Outlook for Sunday and Monday:

Rain will affect northwestern parts on Sunday and Monday. This rain will be heavy and persistent across northwest Scotland with some very large rainfall totals building up. Elsewhere, variable cloud and sunny spells on both days. However, a few showers will continue in the west. It will be a windy in the north with gales, locally severe in the northwest.
