

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Saturday 26 Apr 2014

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Bands of rain will move northeastwards, with brighter showery conditions following. Rather cold and misty in the northeast. Windy with heavy showers in the southwest. Overnight, showers persisting in the south and southwest, where it will remain windy. Becoming drier further north, with mist and low cloud becoming extensive again in the east.

Outlook for Sunday and Monday:

Sunday, sunshine and showers across many southern and central parts, with a risk of hail and thunder. It will be less windy than Saturday. Cloudy and locally misty in the northeast with some rain. Monday will be unsettled with showers or bands of rain at times.
