Here is the forecast for the United Kingdom until dawn tomorrow:
Sunnier, fresher conditions spreading eastwards across Scotland and Northern Ireland through the day, but windy with showers in far northwest. Elsewhere fairly cloudy with patchy rain, but some brighter, warmer spells likely. Then a cloudy and mild night across southern England and Wales. Breezy and some showers for northwest Scotland. Elsewhere, clear periods and light winds giving a cold night.

Outlook for Thursday and Friday:
Scotland and Northern Ireland mostly dry with sunny spells on Thursday, but winds strengthening. Cloudier across England and Wales with a few showers possible in the south. Friday, wet and windy conditions across Scotland and Northern Ireland. Elsewhere mostly dry.
