#### Air Quality Forecast for the UK

Issued by the Met Office

**Today:** Light winds are allowing areas of Moderate air pollution to occur across England and Wales today, with patches of High or Very High near urbanised regions and bonfire/firework celebrations. Elsewhere pollution levels are likely to remain Low.

**Tomorrow:** Areas of Moderate or High air pollution are likely to continue on Saturday, near urban areas and from bonfire and firework related pollution in England and Wales. Otherwise, air pollution levels should be Low.

**Outlook:** Air pollution levels are generally expected to be Low through the Outlook period. However, areas of Moderate are still possible near urban areas on Sunday and Monday.
