

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Tuesday 02 Jun 2009

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
It will be another very warm or hot day across most parts. Southern England and Wales will be dry with a good deal of sunshine. Further north it will become cloudier with the risk of a few showers, although many parts are still expected to stay dry.

Outlook for Wednesday and Thursday:

The Southwest will be dry and sunny on Wednesday, elsewhere it will be cooler and cloudier but also mainly dry. Thursday will be rather cloudy in all parts although some breaks should occur allowing a little sunshine. Most parts should stay dry but a few light showers are possible.
