

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Saturday 10 Jun 2017

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
It will be breezy with rain affecting the north and west with some heavier rain over the hills. Improving later in the northwest with scattered showers. It will be dry with warm sunny spells in the southeast. Overnight showers will continue in the northwest, remaining windy, with rain, drizzle and feeling very humid in the southeast.

Outlook for Sunday and Monday:  
Rain and drizzle will gradually clear the southeast. It will remain windy with showers and spells of rain at times in the northwest. Further south there will be plenty of dry, bright and warm weather as we move into next week.
