

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Wednesday 05 Dec 2007

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Dull, wet conditions in the southeast at first today will clear during the morning as sunshine and blustery, locally heavy, showers elsewhere follow from the west. Mild but very windy with southwesterly winds reaching gale force around western and southern coasts and hills. Becoming dry for a time tonight....

Outlook for Thursday and Friday:
Thursday sees heavy rain and gales spreading across all parts from the west. Bright or sunny intervals and showers will soon follow to the north but cloud and rain will return to parts of the south and west later. On Friday all parts will have sunny intervals and showers, some heavy.
