

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1945 on Wednesday 06 Jul 2016

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
Most places will be dry with some cloud and some sunny breaks too. It will feel pleasant in light winds. There will be some light rain in west Wales, northwest England and the far southwest of England. Some heavier rain and stronger winds will affect western Scotland in the evening.

Outlook for Friday and Saturday:

Friday will be mainly dry and cloudy, though there will be some light rain in western Scotland and the far southwest of England and Wales. Saturday will bring widespread sunshine but also stronger winds. Western Scotland, however, will have very strong winds and more heavy rain.
