++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
Most of the United Kingdom will have a fine and dry day with sunny spells,
though some patchy cloud will bubble up by afternoon. Winds will be generally
light and it should feel quite pleasant. However northern and western Scotland
will have cloudier skies and a little rain at times.

Outlook for Monday and Tuesday:

After a dry and bright start in central and eastern parts, rain already in the
west will spread across most areas by the end of the day as winds freshen. On
Tuesday most places will see sunny spells and showers, which could be heavy in
places, with more rain overnight.
