DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Monday, 04 January 2021 at 06:06 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: A cloudy day in the south with showers. Brighter and drier to the north but where showers occur they will likely turn to snow over high ground. Air pollution levels will be Low on Monday.

Tomorrow: Another cold day tomorrow with plenty of showers away from the west, some of these turning wintry over high ground. Air pollution levels will be Low on Tuesday.

Outlook: Remaining showery on Wednesday. Brighter for a time on Thursday ahead of a band of rain and snow which weakens as it moves southwards. Air pollution levels will be Low.
