

FPUK85 EGRR 020400  
Forecast for the UK.  
Issued by the Met Office  
at 0400 on Tuesday 2 August 2005

\*\* Valid for Broadcasts Between 0600 and 1200 \*\*

Headline:

Rain spreading east across Scotland and N.Ireland. Fine elsewhere.

Today:

Showery rain spreading across Scotland and Northern Ireland.  
Elsewhere dry with warm sunny spells.

Tonight:

Showery rain will spread southeastwards across much of England and Wales overnight, although southeast England should stay dry. Showers over western Scotland, but mostly dry elsewhere.

Outlook for Wednesday:

Showery rain should clear from southeast England around lunchtime. Otherwise, sunny spells and showers are expected, driest over southwest England.
