

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Saturday 09 Jul 2011

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Broken cloud with bright or sunny spells across England and Wales with scattered locally heavy, thundery showers. Scotland, cloudier with occasionally persistent showers. Occasional showers in Northern Ireland with brighter periods.
Overnight, England, Wales and southern Scotland becoming mainly dry with clear spells and isolated showers. Cloudier in northern Scotland with rain or showers. A few showers in Northern Ireland.

Outlook for Sunday and Monday:

On Sunday, most areas will see some showers, occasionally heavy, perhaps thundery in north. But with bright or sunny spells as well. Somewhat drier in the far south and southwest. Broken cloud with brighter periods and further showers on Monday.
