DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Monday, 20 June 2022 at 05:38 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are forecast across the UK on Monday, with light winds and dry, settled weather returning for much of the UK.

Tomorrow: Moderate levels of air pollution forecast across central southern England on Tuesday as pollutants build under warm settled conditions and light winds. Low levels of air pollution elsewhere.

Outlook: Air pollution levels remain Moderate across southern UK on Wednesday and Thursday, possibly extending further north. Low levels of air pollution likely on Friday with frequent showers and cooler temperatures.
