

FPUK85 EGRR 231600
Forecast for the UK.
Issued by the Met Office
at 1600 on Friday 23 July 2004

** Valid for Broadcasts Between 1800 and 0600 **

Headline:

Northern areas having showers then rain, southern areas staying fine.

This Evening and Tonight:

Southern areas will remain dry with patchy fog developing. In northwestern areas, showers are expected, while most other northern parts stay dry.

Saturday:

In the south, any early fog will give way to sunny periods and a dry day. In the north, outbreaks of rain will move from the northwest, turning heavy in places.

Outlook for Sunday:

Bright in places, but rain at times.
