++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
After some early mist and fog patches there will be some good sunny spells for many on Friday. It will remain breezy in the far north with some light rain, but it will be dry across much of the UK, and in the sunshine it will feel warm.

Outlook for Saturday and Sunday:  
There will be plenty of warm sunshine over the weekend, and it will feel very warm for some on Sunday. Cloud and outbreaks of mainly light rain will gradually move in from the northwest on Sunday though, introducing cooler and breezier conditions later.
