

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Sunday 01 Jul 2007

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Cloudy with rain across northern and northeast Scotland today. Showery elsewhere with plenty of cloud around and occasional sunny spells. Some heavy, thundery showers are likely. Breezy for many. Scotland and N.Ireland will be cloudy with light winds and outbreaks of rain tonight. Rather cloudy elsewhere with showers in the west and largely dry in the east. Mild.

Outlook for Monday and Tuesday:

A mixture of sunny spells and showers generally. Some heavy and thundery showers are expected on Monday, mainly from the Midlands northwards. Rain on Tuesday morning, probably clearing eastwards to leave sunny spells and showers. Quite windy in south. Temperatures around normal.
