Here is the forecast for the United Kingdom for daytime tomorrow:
It'll be a bright start for many tomorrow, with spells of sunshine. However, thicker cloud and outbreaks of rain across the far west will spread eastwards through the day. The rain will be mainly focused over parts of Northern Ireland, Wales and northern England. Elsewhere will stay mainly dry with some sunny spells and just a few showers.

Outlook for Tuesday and Wednesday:
Tuesday will be mainly dry and bright with some pleasant sunny spells. However, showers will develop across eastern parts in the afternoon. Wednesday's set fair with further sunshine. Later in the day, thicker cloud and rain will move into the far northwest.
