

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Monday 25 Feb 2008

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Fine, dry and sunny conditions are expected across southern parts of the United Kingdom, but it will be quite breezy. It will be windy, cloudier and showery in the north, with more persistent spells of rain in the northwest and severe gales in parts of Northern Ireland, Northern England and southern Scotland.

Outlook for Wednesday and Thursday:

The weather will be mostly fine with sunny spells on Wednesday, but it will be windy in the north with blustery showers. Showers will continue in the north on Thursday, but a fine start is expected in many southern parts with rain developing later.
