Here is the forecast for the United Kingdom until dawn tomorrow:
Today will be fine and dry for the majority of England, Wales and Northern Ireland, although with cloud, and perhaps a little light rain or drizzle arriving in the west later. Cloudier for Scotland, with rain in the west. Mild overnight and becoming windy with gales in some northern areas.

Outlook for Sunday and Monday:
A cloudy start in England, Wales and Northern Ireland, but warm, and becoming sunnier through the day, and staying breezy with strong winds in the north. Cloudier for western Scotland, with rain in the west, and with gales continuing. Monday cooler, but still breezy, with sunny spells and occasional showers.
