Here is the forecast for the United Kingdom for daytime tomorrow:
Scotland and Northern Ireland will have a dry and fine day with some long sunny periods. England and Wales will be cloudier, especially eastern counties of England which may be quite dull at first. However, most places will have some sunny periods and it will remain dry throughout.

Outlook for Monday and Tuesday:
Although some sunny periods are expected, it will become generally cloudier across the United Kingdom on Monday and Tuesday. Occasional rain in Scotland and Northern Ireland on Monday moves south into England and Wales on Tuesday. A moderate to fresh breeze affects most places and it will feel cooler.
