DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Thursday, 13 May 2021 at 05:30 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will be generally Low across the UK on Thursday, with isolated pockets of Moderate pollution in northern England.

Tomorrow: Air pollution levels are expected to remain Low across the whole of the UK on Friday. Perhaps some isolated pockets of Moderate pollution in the far southeast of England, mainly around the coast.

Outlook: Air pollution levels will be predominately Low across the UK throughout the period. However, Moderate pollution levels are likely across the Northern Isles and northeast Scotland on Monday, and possibly along some North Sea coastal areas of England.
