

**Yellow warning
Rain**

Between
00:00 Thu 14 Nov 2019 and
23:45 Thu 14 Nov 2019

Persistent rain may bring some disruption from flooding

What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a small chance of fast flowing or deep floodwater causing danger to life
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities become cut off by flooded roads

Further details

Periods of rain are expected to become widespread, persistent and locally heavy across parts of England and Wales through Thursday.

Rainfall totals of 15-25 mm are likely widely with the potential for some spots to see spots potentially seeing totals of 40-60 mm. These higher totals look most likely over parts of Bristol, Bath and Northeast Somerset, Wiltshire and into South Gloucestershire.

✓ Very low likelihood of medium impacts

Yellow warning
Rain

Between
00:00 Thu 14 Nov 2019 and
23:45 Thu 14 Nov 2019

Further Details (continued)

Rainfall will ease from the west during Thursday afternoon and evening.

Over western areas, some hill snow is possible, especially parts of south Wales, leading to local accumulations of a few cm.

Reason for update

The warning area has been reduced to focus on the areas from south Wales to southeast England. The impact level has also been updated.
