

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Friday 06 May 2016

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
For much of England and Wales it will be dry with hazy sunshine today, and it will feel rather warm in the south. However, there is the chance of an isolated shower or thunderstorm towards the southwest later in the day. Meanwhile, It will be cloudier with a few showers for parts of Scotland.

Outlook for Saturday and Sunday:

Saturday will see outbreaks of rain across Scotland and Northern Ireland. Elsewhere, dry with hazy sunshine and feeling rather warm, with scattered thunderstorms. Sunday will be another very warm and humid day, with further scattered thunderstorms. Meanwhile, it will be cloudier in the far northwest.
