

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Friday 09 Nov 2012

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Rain slow to clear East Anglia and the far southeast. Otherwise, sunshine and showers. the showers heaviest and most frequent in the west, where there will be a risk of thunder. Rather breezy in the far northwest of Scotland, otherwise light winds, but despite that, feeling rather cold.

Outlook for Sunday and Monday:  
After a cold start, it will be a largely dry and bright day on Sunday, with just a few isolated showers in the northwest. Otherwise, lengthy spells of November sunshine. Rain spreading across western areas on Monday, but remaining dry and bright in the east.
