

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Thursday 03 Aug 2017

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Many northern areas will have a rather cloudy day with outbreaks of rain at times, some of which could be on the heavy side. Away from a few showers, it will be drier across the south with spells of sunshine. It will be another breezy day making it feel cool in the north, but warm in the sunshine further southeast.

Outlook for Saturday and Sunday:

Saturday will be see a mixture of sunshine and showers, with some of these on the heavy side with hail and thunder possible. For many, Sunday will be a drier and brighter day, although rain will reach northwestern areas later.
