

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Monday 04 Jul 2016

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
After a sunny across much of England and Wales, it will soon begin to cloud over. Outbreaks of rain will also spread eastwards across Northern Ireland, northern England and Wales, and parts of southern Scotland. Across the north of Scotland, there will be a mix of sunny spells and showers.

Outlook for Tuesday and Wednesday:  
Tuesday will start off rather cloudy, but the sun will soon break through in many places giving a pleasant, warm afternoon. There will be a few showers across Scotland and along the north-east coast of England. Wednesday will turn cloudy from the west, with some rain in western parts later.
