++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Cloudy skies this morning, with wet and windy weather over Scotland and Northern Ireland which will move eastwards though the day. Brighter skies will follow on after with the odd shower, perhaps with some hail and thunder. Overnight it will be cold with a frost in rural areas. However in the north there will be heavy showers at times.

Outlook for Tuesday and Wednesday:

There will be sunny spells and patchy cloud tomorrow, and it'll be windy with perhaps the odd shower at times. On Wednesday it'll be mostly dry and bright, but in the north-west it'll be cloudier, with some rain at times.
