

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Sunday 01 Nov 2015

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
A misty or foggy start, especially in the east and southeast, with some spots possibly remaining in fog or low cloud all day. Otherwise some sunny spells, mainly in the north and west where it will feel warm. Mild with mist and fog reforming overnight, possibly extending further west and north, but clearer elsewhere.

Outlook for Monday and Tuesday:

Dry and rather cloudy for many with mist and fog slow to clear on Monday. Best of the sunshine in the west, southwest and far northeast where it will feel warm. Mist and fog slowly clearing again during Tuesday, but also with some warm sunny spells.
