

FPUK85 EGRR 010400
Forecast for the UK.
Issued by the Met Office
at 0400 on Tuesday 1 June 2004

** Valid for Broadcasts Between 0600 and 1200 **

Headline:

Rain clearing northeastwards. Becoming brighter in some western areas.

Today:

Dull start with rain in many areas, locally heavy. Rain slowly clearing eastwards, but some heavy thundery downpours may develop in the east. Turning brighter in the west with some sunshine.

Tonight:

Rain, locally heavy and thundery in the east clearing, then dry with clear spells.

Outlook for Wednesday:

England and Wales, dry with warm sunshine. Scotland and Northern Ireland, cloudier, rain in places.
