

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Thursday 23 Aug 2012

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Mostly fine but rather cloudy in the south with light winds. Bright spells and showers elsewhere, most frequent and perhaps heavy in the north, but not as numerous as Wednesday. Generally cloudy by evening with showers in north and west. This rain will tend to spread erratically east overnight.

Outlook for Friday and Saturday:  
Often rather cloudy on Friday with some rain at times but also occasional bright spells. Becoming windy with some heavy rain at times in the south and southwest late morning and afternoon. Continuing unsettled with heavy rain or showers on Saturday but some drier, brighter spells. Windy in the south.
