

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Thursday 03 Feb 2011

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
Wintry showers across Northern Ireland and Scotland clearing as cloud increases this morning. Heavy rain will sweep across northern areas today with very strong winds, and storm force winds in Northwest Scotland. Drier and brighter in the south, but windy. Heavy rain and strong winds continuing in northern and western areas overnight, but wintry showers over Scotland.

Outlook for Friday and Saturday:

On Friday, heavy rain across northern England, northwest Wales and Northern Ireland. Rain falling as snow over Scottish hills. Some drizzly rain in southern parts of England and Wales. Occasionally very windy. Further heavy rain and strong winds are expected for Saturday.
