DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Thursday, 02 June 2022 at 05:44 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels expected across much of the country, with areas of Moderate air pollution possible for some northwestern and central areas.

Tomorrow: Mainly Low air pollution, with areas of Moderate possible across southern and central areas due to drier conditions and lighter winds.

Outlook: Generally Low air pollution through the period, with some localised areas of Moderate possible, especially for southern parts of the country.
