++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be another cold and windy day, with sunny spells and scattered heavy wintry showers. Showers will be most frequent in the north and west of the UK with a risk of thunder, giving snow accumulations over the hills. The best of the dry and bright weather will be in the southeast.

Outlook for Tuesday and Wednesday:

The story continues for Tuesday and Wednesday with further cold windy weather and wintry showers, mainly in the north and west of Britain. But during Wednesday, the winds and showers will begin to ease, turning drier from the west later in the day.
