

FPUK85 EGRR 011000  
Forecast for the UK.  
Issued by the Met Office  
at 1000 on Thursday 1 July 2004

\*\* Valid for Broadcasts Between 1200 and 1800 \*\*

Headline:

Sunny spells and blustery showers, locally heavy and thundery.

Today:

Some sunshine, especially in the north and near southern coasts, but blustery showers developing, bringing a risk of hail and thunder, especially inland.

Tonight:

Rain spreading eastwards across much of England and Wales. Showers over Northern Ireland this evening spreading to western Britain later. Dry with clear spells elsewhere.

Outlook for Friday:

Sunny intervals and heavy, blustery showers. Rather cool.
