

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Wednesday 22 Feb 2017

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Storm Doris will be moving eastwards across the UK during Thursday. This will bring a spell of very wet and windy weather for many, with widespread gales and severe gales around exposed coasts and hills. Storm Doris will bring a spell of prolonged and heavy snowfall across parts of southern Scotland. Turning colder, brighter and showery in the west later.

Outlook for Friday and Saturday:

After a cold start on Friday, it'll be mostly fine and dry, with sunny spells across England and Wales, with rain arriving in the northwest later. Turning unsettled for the weekend, with spells of wet and windy weather for many.
