

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Friday 03 Jun 2016

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Today will be cloudier across central parts than it has been recently, while Scotland will see some heavy, thundery showers. Eastern parts will again see extensive cloud, with some rain at times. The far west will however have another day of near unbroken sunshine.

Outlook for Saturday and Sunday:
Saturday will be sunny across Scotland. There will be some sunshine too for eastern parts, but a risk of heavy showers. The South West, Northern Ireland and Wales will be cloudy with some heavy showers. On Sunday there will be plenty of warm sunshine for all with a risk of showers in the south and west.
