

FPUK85 EGRR 041000
Forecast for the UK.
Issued by the Met Office
at 1000 on Friday 4 November 2005

** Valid for Broadcasts Between 1200 and 1800 **

Headline:

Rain or showers, mainly northern England, edging away.

Today:

Rain or showers in central and northeastern England will gradually move away northeast. Elsewhere, largely dry with sunny spells, just a few light showers towards the west.

Tonight:

Rain clearing the northeast, many eastern areas becoming chilly overnight with a slight ground frost.

Outlook for Saturday:

A bright or sunny start in the east. Cloud and rain spreading from the west.
