Here is the forecast for the United Kingdom for daytime tomorrow:
Overnight rain clears away east tomorrow morning leaving a brighter day for most areas, although there will be a chance of showers, especially in the west. Showers will merge to give more prolonged periods of rain in the north-west towards the evening. Winds becoming fresh and perhaps strong in the North.

Outlook for Saturday and Sunday:

The weather stays unsettled throughout the weekend, with showers or longer periods of rain likely on Saturday and Sunday. Showers tending to become wintry over high ground in the North. Winds remain fresh across the U.K. with a risk of gales on exposed western coasts.
