

Yellow warning
Rain

Between
15:00 Tue 10 Apr 2018 and
22:00 Tue 10 Apr 2018

Heavy showers are expected Tuesday afternoon and evening.

What to expect

- Spray and flooding on roads probably making journey times longer
- Flooding of a few homes and business is likely
- Some interruption to power supplies and other services possible

Further details

Heavy showers will develop through Tuesday afternoon, perhaps becoming more persistent in places later. Whilst not everywhere will see showers, some places may see 10-15 mm of rain fall within an hour, with 25 mm possibly falling very locally in 3-6 hours. As the ground in these areas is already near saturated, this rainfall brings an increased risk of flooding. Lightning may be an additional hazard.

 Medium likelihood of low impacts

Issued at 09:26 Tue 10 Apr, 2018
