

FPUK85 EGRR 030400
Forecast for the UK.
Issued by the Met Office
at 0400 on Friday 3 November 2006

** Valid for Broadcasts Between 0600 and 1800 **

Headline:

Fine for many today. Some rain in the north overnight.

Today:

Most places will be dry with mainly sunny skies. Somewhat more cloud across northern Scotland with rain reaching northwest Scotland later this afternoon.

Tonight:

Rain moving across Scotland this evening, affecting Northern Ireland and perhaps some northern parts of England overnight. Frost for many other parts of England and Wales.

Outlook for Saturday:

Most places dry. Best of the sunshine across southern areas.
